described and claimed in the foregoing specification; that this application in  
part discloses and claims subject matter disclosed in our earlier filed  
pending application, Serial No. 919,333, filed June 23, 1978;  
that we acknowledge our duty to disclose information of which we are aware  
which is material to the examination of this application, that, as to the  
subject matter of this application which is common to said earlier applica-  
tion, we do not know and do not believe that the same was ever known or  
used in the United States of America before our invention thereof or patented  
or described in any printed publication in any country before our invention  
thereof or more than one year prior to said earlier application, or in public  
use or on sale in the United States of America more than one year prior to said  
earlier application; that said common subject matter has not been patented or  
made the subject of an inventor's certificate issued before the date of said  
earlier application in any country foreign to the United States of America on  
an application filed by us or our legal representatives or assigns more  
than twelve months prior to said earlier application; and that no application  
for patent or inventor's certificate on said invention has been filed by us or  
our representatives or assigns in any country foreign to the United States of  
America, except as follows:

(NONE)

That, as to the subject matter of this application which is not common to said  
earlier application, we do not know and do not believe that the same was  
ever known or used in the United States of America before our invention thereof  
or patented or described in any printed publication in any country before our  
invention thereof or more than one year prior to the date of this application,  
or in public use or on sale in the United States of America more than one  
year prior to the date of this application, and that said subject matter has  
not been patented or made the subject of an inventor's certificate issued in

any country foreign to the United States of America on an application filed by us or our legal representatives or assigns more than twelve months prior to the date of this application; and that no application for patent or inventor's certificate on said invention has been filed by us or our representatives or assigns in any country foreign to the United States of America, except as follows:
